Your Route on the Map

NOTICE

The speed limit icon feature is for information only and does not replace the driver's responsibility to abide by all posted speed limit signs and to use safe driving judgment at all times. Garmin will not be responsible for any traffic fines or citations that you may receive for failing to follow all applicable traffic laws and signs.

Your route is marked with a magenta line on the map. If you depart from the original route, your device recalculates the route. A speed limit icon could appear as you travel on major roadways.

- Select ① to view the next turn.
If a view of a junction exists, the junction view appears.
- Select ② to view the turn list.
- Select ③ to stop the route you are currently navigating.
- Select ④ to view the Where Am I? page.

Adding a Stop

Before you can add a stop, you must be navigating a route.

- 1 From the map, select **☰ > Points of Interest.**
- 2 Search for the extra stop.

- 3 Select the stop from the search results.
- 4 Select **Go!**.
- 5 Select **Add to Active Route**.

Taking a Detour

While navigating an automobile route, you can use detours to avoid obstacles ahead of you, such as construction zones.

NOTE: If the route you are currently taking is the only reasonable option, your device might not calculate a detour.

While navigating, select  > **Detour**.

About Traffic

NOTICE

Garmin is not responsible for the accuracy or timeliness of the traffic information.

NOTE: A traffic receiver is an accessory option for your Volvo device. Contact your Volvo dealer for more information.

Traffic information may not be available in all areas or countries.

The traffic receiver and device must be powered and in data range of a station transmitting traffic data to receive traffic information.

The traffic icon () changes color to indicate the severity of traffic conditions on your route or on the road you are currently traveling.

Go to www.garmin.com/volvo for more information.
