Garmin's standard Limited Warranty applies to this accessory. Refer to the GPS navigator's owner's manual or *Important Safety and Product Information* guide to view the warranty as well as warnings and cautions and the software license agreement.

## GETTING STARTED

Your VIB 10/11 plays audio from your Garmin GPS navigator through your vehicle's speakers. When you are navigating a route, the VIB 10/11 mutes the stereo's audio and plays the navigation prompts through your speakers. If a mobile phone with Bluetooth® wireless technology is connected to the GPS navigator, calls are heard through the vehicle's speakers.

### Updating the GPS Navigator Software

To operate the GPS navigator with the VIB, you need to update the GPS navigator's software.

1. Go to [www.garmin.com/products/webupdater](http://www.garmin.com/products/webupdater) and download WebUpdater to your computer.
2. Connect the GPS navigator to your computer using the mini-USB cable.

3. Run WebUpdater, and follow the screen prompts.

After confirming that you want to perform an update, WebUpdater automatically downloads the update and installs it on your GPS navigator.

### Mounting Your GPS Navigator

1. Plug the power cable from the VIB into the power connector on the GPS navigator or cradle.

2. Align the ball on the mount with the socket on the GPS navigator or cradle.
3. Snap the GPS navigator or cradle onto the ball socket.

Refer to your GPS navigator's documentation for more information.

## Audio Output

The VIB mutes or pauses the vehicle's stereo output to sound the navigation prompts or phone calls.

If the VIB HiFi audio source was connected to your radio's auxiliary input (optional), you can play MP3s on your GPS navigator and hear the MP3s over your vehicle's speakers. You may need to select the appropriate audio source on the stereo to hear the MP3s. Refer to your stereo's manual.

## Viewing Video

Do not attempt to operate or watch video input while operating a vehicle. Driver operation or viewing of video input while the vehicle is moving could cause an accident or collision resulting in property damage, serious injury, or death.

## Controlling the Volume

The VIB allows you to set the volume on your GPS navigator independently of your stereo. Control your stereo volume as you normally would. Adjust the volume on your GPS navigator as you normally would as well.

## USING FM TRAFFIC (VIB 11 ONLY)

Your VIB 11 has an integrated FM TMC traffic receiver that receives traffic information broadcast over the FM Radio Data System.

---

**NOTE:** Garmin is not responsible for the accuracy of the traffic information. The FM traffic receiver simply receives signals from the traffic service provider and shows that information on your GPS navigator.

---

The power cable must be plugged into your GPS navigator to receive traffic data. You must be in data range of an FM station transmitting TMC (Traffic Message Channel) data to receive traffic information. For coverage areas, refer to the Garmin Web site at [www.garmin.com/traffic](http://www.garmin.com/traffic).

## Adding a Subscription

You can purchase additional subscriptions and renew your subscription if it expires. Go to [www.garmin.com/fmtraffic](http://www.garmin.com/fmtraffic).

Follow the instructions on the Web site to purchase and add the new subscription. You can also refer to your GPS navigator's owner's manual for specific instructions on adding a subscriptions

The traffic subscription code cannot be reused. You must obtain a new code each time you renew your service. If you own multiple FM traffic receivers, you must obtain a new code for each receiver.

---

**NOTE:** You do not need to activate the subscription included with your VIB 11 (if it came with one). Your GPS navigator receives traffic data as soon as it acquires satellite signals and receives traffic signals from the traffic service provider.

---

## **FCC & INDUSTRY CANADA COMPLIANCE**

This Category I radiocommunication device complies with Industry Canada Standard RSS-210 and RSS-GEN. This device complies with part 15 of the FCC rules.

Operation of this device is subject to the following conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## **TRAFFIC SERVICE END USER SUBSCRIBER AGREEMENT**

The Traffic Service Provider holds the rights to the traffic incident data and RDS/TMC network through which it is delivered. You may not modify, copy, scan, or use any other method to reproduce, duplicate, republish, transmit, or distribute in any way any portion of traffic incident data. You agree to indemnify, defend, and hold harmless the Traffic Service Provider (and its affiliates) and Garmin Ltd. (and its subsidiaries) against any and all claims, damages, costs, or other expenses that arise directly or indirectly out of (a) your unauthorized use of the traffic incident data or the RDS/TMC network, (b) your violation of this End User Subscriber Agreement and/or (c) any unauthorized or unlawful activities by you in connection herewith.

The Traffic Service Data is informational only. You assume all risk of use. The Traffic Service Provider, Garmin Ltd. (and its subsidiaries), and their suppliers make no representations about content, traffic and road conditions, route usability, or speed.

Garmin and its Traffic Service Provider(s) make no warranty of fitness or compatibility of the traffic data with the Garmin product and no warranty that the traffic data will operate properly as integrated and interfaced with the Garmin product. In addition, Garmin and its Traffic Service Provider(s) make no warranty with regard to the reliability, accuracy, exhaustiveness and completeness of the traffic data, which may contain inaccuracies and/or errors from time to time. To the maximum extent permitted by applicable law, any and all warranties of any kind

whatsoever with regard to the traffic data are hereby expressly waived and excluded, including, but not limited to, those of merchantability, fitness for a particular purpose, accuracy or completeness of the traffic data, and/or a lack of viruses.

Garmin and its Traffic Service Provider(s) disclaim all liability for any loss, injury, or damage resulting from use of or inability to use the Garmin product and traffic data as a result of weather difficulties, the destruction of transmitters and/or other broadcasting infrastructures, a natural disaster, and/or a lack of reliability, completeness or accuracy of the traffic data. In no event shall Garmin or its Traffic Service Provider(s) be liable to you or any other party for any compensatory, indirect, incidental, special, or consequential damages (including, without limitation, indirect, direct, special, punitive, or exemplary damages for loss of business, loss of profits, business interruption, or loss of business information) arising out of the use of or inability to use the Garmin product or the traffic data, even if Garmin has been advised of the possibility of such damages.

## CLEAR CHANNEL END USER SUBSCRIBER AGREEMENT

Clear Channel Broadcasting, Inc. holds the rights to the traffic incident data and RDS/TMC network through which it is delivered. You may not modify, copy, scan, or use any other method to reproduce, duplicate, republish, transmit, or distribute in any way any portion of traffic incident data. You agree to indemnify, defend, and hold harmless Clear Channel Broadcasting, Inc. (and its affiliates) and Garmin International, Inc. (and its affiliates) against any and all claims, damages, costs, or other expenses that arise directly or indirectly out of (a) your unauthorized use of the traffic incident data or the RDS/TMC network, (b) your violation of this directive, and/or (c) any unauthorized or unlawful activities by you in connection herewith.

Clear Channel traffic data is informational only. User assumes all risk of use. Clear Channel, Garmin International Inc., and their suppliers make no representations about content, traffic and road conditions, route usability, or speed.

You shall no longer have the right to use the Clear Channel traffic data if you breach any of the terms of this End User Subscriber Agreement.

**For the latest free software updates (excluding map data) throughout the life of your Garmin products, visit the Garmin Web site at [www.garmin.com](http://www.garmin.com).**
