Battery life: Fully charged, up to 4 hours

For more information, see the owner's manual on disk. See the *Important Safety and Product Information* guide in the product box for product warnings and important information.

Looking at Your zūmo

- A** Power button
- B** Zoom in, raise volume, or increase brightness.
- C** Zoom out, lower volume, or decrease brightness.
- D** Page button—scroll to the Map, Trip Information, and Media Player pages. Press and hold to adjust brightness.
- E** Speak button—press to adjust volume level. Press and hold to announce voice directions.

Mini-USB port for AC adapter, USB Mass Storage mode, and updating software

SD card slot

Configuring Your zūmo

To turn on your zūmo, press and hold the **Power** button. Follow the on-screen instructions.

Acquiring Satellites

Go outdoors to an open area, away from tall buildings and trees. Turn on the zūmo. Acquiring satellite signals may take a few minutes.

 bars indicate GPS satellite strength. When the bars are green, your zūmo has acquired satellite signals, and you can start navigating.

Resetting Your zūmo

If your unit freezes up, press and hold the **Power** button and press **+**.

Charging the Battery

To charge your zūmo, connect it to a power source using the vehicle power cable.

Calibrating the Touch Screen

If the touch screen is not responding properly, calibrate the touch screen. Turn the unit off. Press and hold the **Power** button for about one minute until the Calibration screen appears. Follow the on-screen instructions.

Using the Menu Page

- A** Displays satellite strength.
- B** Displays battery status.
- C** Touch to find a destination.
- D** Touch to view the Map page.
- E** Touch to view traffic incidents (requires receiver and subscription).
- F** Touch to open the Media Player. You can listen to MP3 files.
- G** Touch to adjust the zūmo's settings.

Following Your Route

- Touch to zoom the map in and out.
- Touch to open the Menu page.
- Touch to open the Trip Information page.
- Touch to preview turns in the route.
- Touch to save your current location.
- Touch to open the Next Turn page.

Using Traffic Features

Using an optional FM TMC traffic receiver, you can receive traffic data on your zūmo. From the Map page, touch  or  when there is a traffic incident on your current route or road. Select an item to view details, and then touch **Avoid**. For more information about traffic and subscriptions, go to www.garmin.com/traffic.

Using the Fuel Gauge

- On the Map page, touch **Speed** to open the Trip Information page.
- Touch **Reset** > **Miles/Kilometers Per Tank**.
- Enter amount, and touch **Done**.
- A message appears when you have 30 miles (~48.3 km) remaining.
- Touch  to search for a nearby fuel station.
- To reset, go to the Trip Information page, and touch the gauge > **Yes**.

Locking Your zūmo

- On the Menu page, touch  > **System** > **Garmin Lock**.
- Touch **OK**, and enter a four-digit PIN.
- Re-enter your four-digit PIN.
- Touch **OK**.
- Drive to a security location, and touch **Set**.
- Each time you turn on the zūmo, enter the four-digit PIN or drive to the security location.

Loading Items to Your zūmo

You can load files to the internal memory or an optional SD card.

- Using the USB cable, connect the zūmo to your computer.
- Windows®: Double-click the My Computer icon on your desktop to see the Garmin and SD card drives.
Mac®: The Garmin and SD card drives mount on your Mac desktop as two mounted volumes.
- Copy and paste files.

Sharing Routes

You must have an SD card inserted with available storage space.

- Touch  **Where to** >  **Routes** > your route.
- Touch **Share**.
- Verify the route to be shared.
- Touch **Export** > **OK**.
- Eject your SD card, and insert it into another zūmo.
- A message appears. Touch **Yes** to import.
- Touch **Routes** > your route.
- Touch **Import** > **OK**.
