Worldwide coverage

Preloaded with 30,000 worldwide courses and FREE lifetime course updates. No extra fees or subscriptions.

Touchscreen

G6 features a glove-friendly, colourful touchscreen and 2 buttons for instant access to Green View, Shot Measure and Digital Scorecard.

Pin move

Press the Green button to zoom in on the green – then you can drag the flag to the day's position, giving you more accurate yardage.

See how far you hit the ball

Approach G6 calculates exact yardages for shots played anywhere on the course.

Plan ahead

Layup arcs drawn on the map offer at-a-glance references to 100, 150, 200 and 250 yard layup distances. Touch-targeting lets you touch any point on the display for the precise distance to the fairway, hazard or landing area.

Play for the weekend

The internal rechargeable battery lasts up to 15 hours so you can play an entire weekend on a single charge.

Tough it out

Approach G6 is rugged and waterproof built to endure the elements, ideal for coping with the wind and rain... or any water hazard mishaps.

Keep score

Digital scorecard allows you to keep track of strokes for up to 4 golfers. Manage or review totals or an individual's score throughout the round, or access a printable version on your computer after the round. New scoring options include Stroke Play, Stableford, Skins and Match Play with adjustable handicaps.

Analyse your game

Track your fairways, greens and putts hit in regulation along to highlight areas of improvement needed.

In the bag

Approach G6 lets you continuously update and average how far you hit each club. Plus, you can customise the names of your clubs, from your "Big Dawg" driver to your "Money Maker" putter.

Touchscreen

Give your game a boost of confidence with Approach G3, a rugged, waterproof, touchscreen golf GPS.

Touch-targeting

Lets you touch any point on the sunlight-readable display, and Approach shows the precise distance to that exact spot – fairway, hazard, landing area, or the front, middle and back of the green.

Pin move

Approach helps you zero in on the pin with Green View.

Just tap the flag on the map to zoom in on the green – then you can drag the flag to position it where you see it, giving you more accurate yardage.

Touchscreen

Approach S3 golf watch is another benchmark for GPS innovation within the golf market, introducing a high-resolution, glove-friendly touchscreen display.

Precise yardages

One glance at your wrist from any point on the course is all it takes to get yardages to the front, back and middle of greens with clear, easy-to-read numbering.

Plan ahead

Course management is key – especially if you haven't played a course before. Layout distances show you the yardages you need, and see distances to doglegs too. S3 also allows players to input and save customisable yardage points – like water hazards or bunkers – from anywhere on the course.
