1. After entering Navigation update page: <https://honda.garmin.com/honda>  
Press “Get Started”

**Honda Navigation Updates**

Follow these steps to check for Navigation Updates  
[Print these instructions.](#)

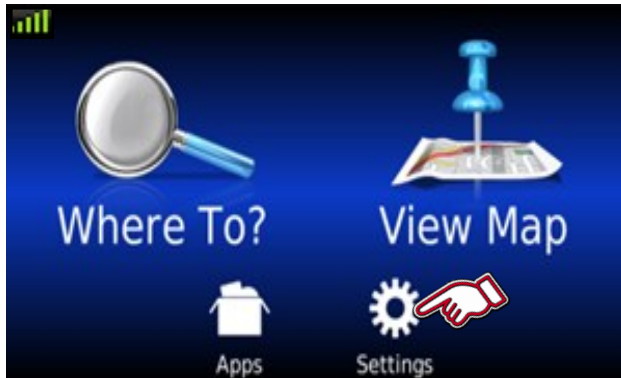

<b>1</b>	<p>Start your vehicle's engine and ensure it is running during the entire first step.</p> <p>Refer to your vehicle owner's manual for the location of the USB port. Plug a USB drive with at least 16 GB of available space into the USB port in your vehicle.</p> <p>On the Navigation System go to Settings &gt; Device &gt; Update Map. Follow the on-screen prompts until instructions to "continue the update process" on this website appear.</p> <p>Please note that after pressing "Update Map", you must wait at least 1 minute before unplugging the USB drive from the USB port.</p>		
<b>2</b>	<p>Launch the Garmin Express download from <a href="#">this link</a>.</p> <p><b>Download Garmin Express</b></p> <p>Plug the USB drive into your computer and follow prompts on Garmin Express. Garmin Express will verify if there is a new map update available.</p> <p>Once Garmin Express has finished you can remove the USB.</p> <p>Note: The map download time varies based on Internet connection speed and map region.</p>		
<b>3</b>	<p>Plug the USB drive back into the vehicle USB port.</p> <p>On the Navigation System go to Settings &gt; Device &gt; Update Map. Follow the on-screen prompts to complete the update.</p> <p>Note: The map update will take up to one hour but may vary based on the map region. During this update your Honda navigation system must not be turned off. Therefore, the engine must be running while the vehicle is parked outside or in a well-ventilated area. Before getting started, familiarise yourself with and follow all applicable laws in your area. Please contact your dealer at <a href="mailto:my.nav@honda.com">my.nav@honda.com</a>.</p>		

2. Press “Download Garmin Express” and “GarminExpressInstaller.exe” file will be downloaded to your computer. After completing the download please execute the file and Garmin Express will be installed on your computer.

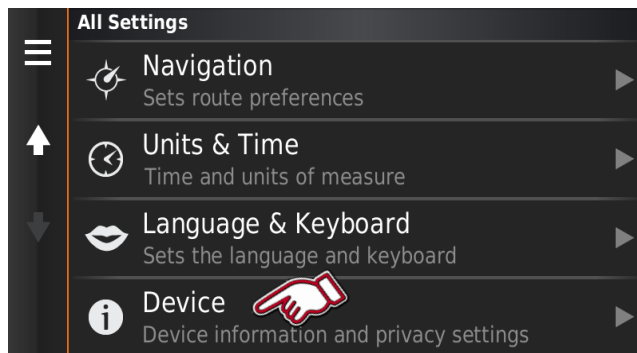

Preparation:

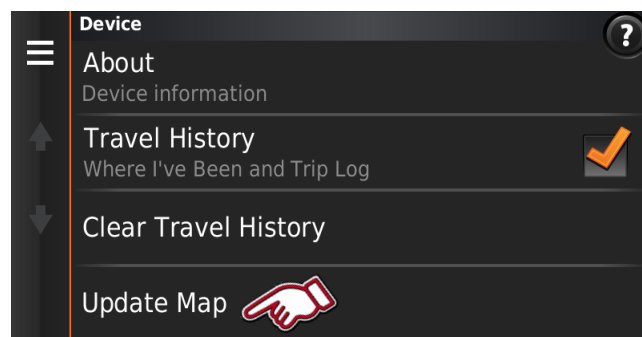

- Format your USB drive to FAT32.
- Plug the USB drive into the car's USB port. (Please see appendix in P11 for where to access the USB port.)
- Please plug the USB drive before "Turn the vehicle on" .

1. Select "Settings" in Navigation Home screen.

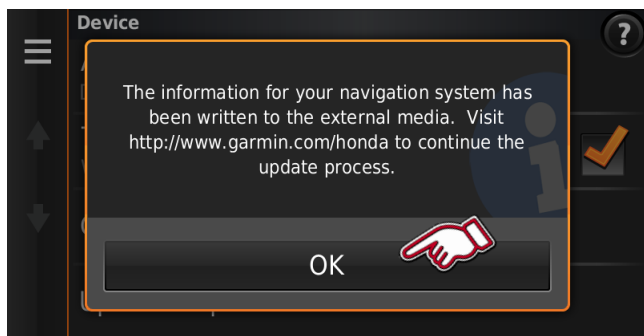

2. Select "Device"

3. Select "Update Map"

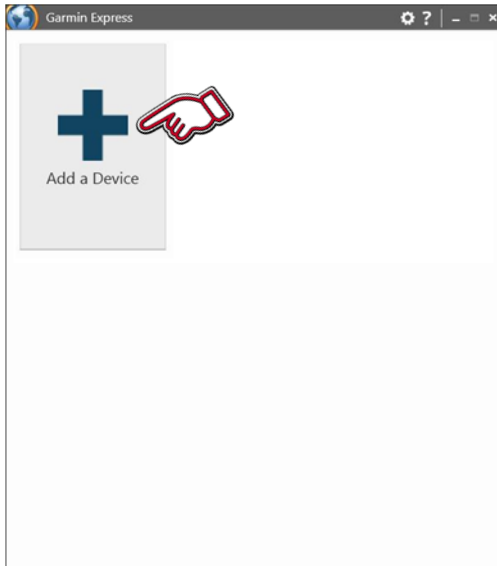

4. Select "OK"

5. Select "OK"

Remove USB drive from USB port.

Please wait **60 seconds** before you remove the USB

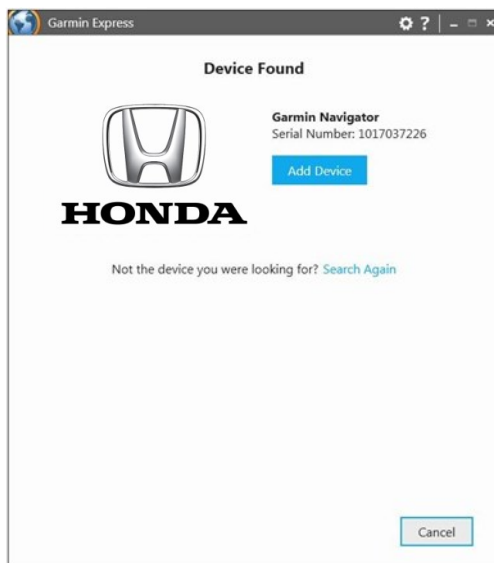

1. Open "Garmin Express" that have been installed in your computer.

Select "Add a Device"

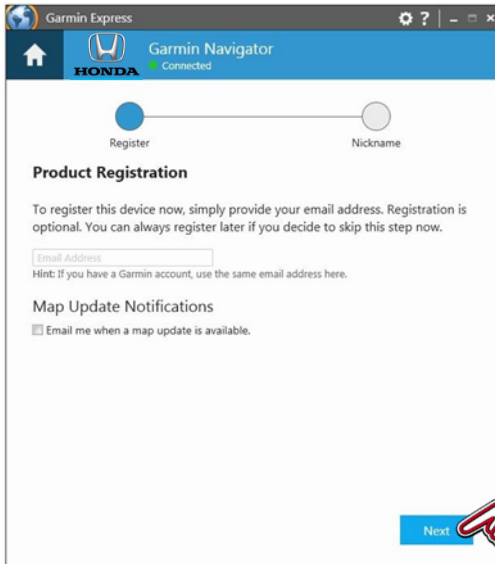

2. Plug the USB drive into the computer's USB port.

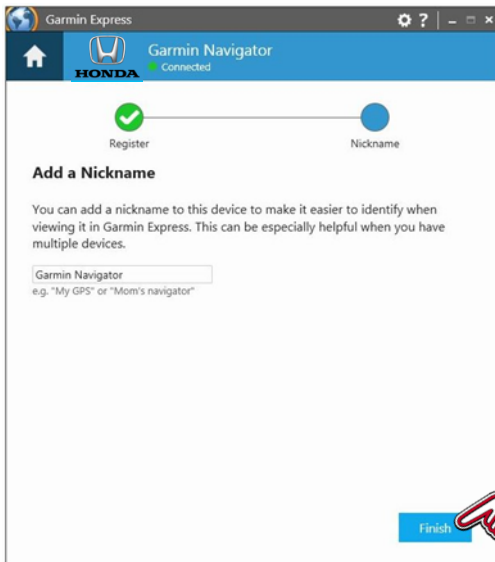

3. Device found.

Select "Add Device"

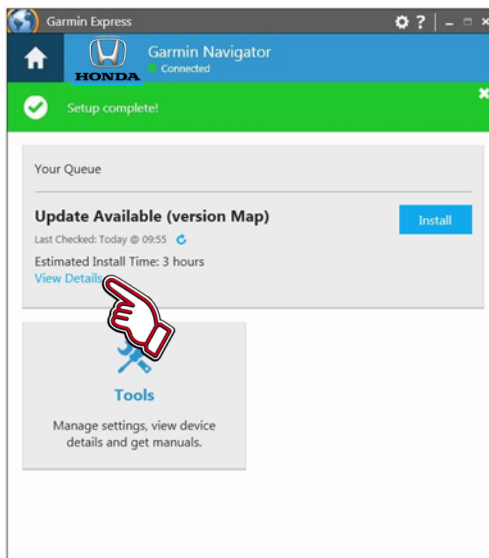

4. If the customer's email address is known, then this can be added to register the unit. Map Update Notifications can be ticked to inform them of the next map update.

Select "Next"

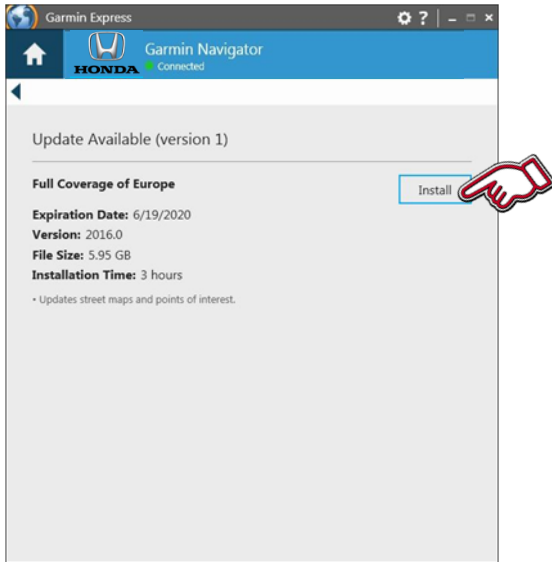

5. A Nickname can be entered e.g. Registration number or VIN could be used. So a vehicle can be identified at a later date.

Select "Finish"

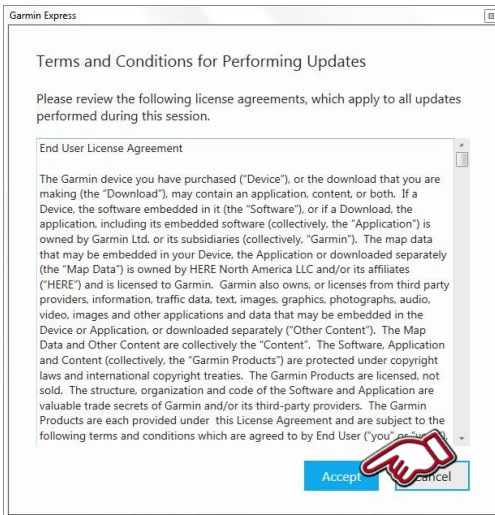

6. Available updates are confirmed. If available then information about that update can be found by clicking "View Details" or the install process can be started from here by clicking the "Install" button.

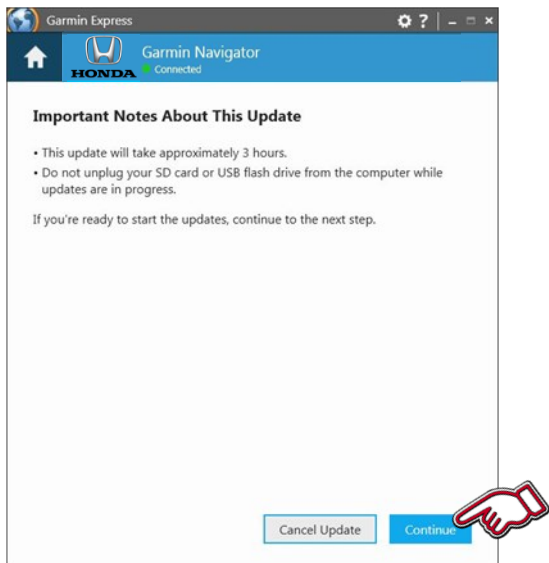

7. Available update information is shown.

To Install Select “Install”

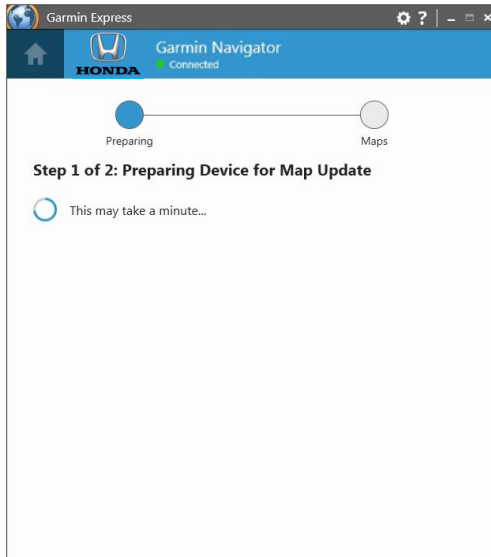

8. Read and accept the terms and conditions for performing updates by selecting “Accept”

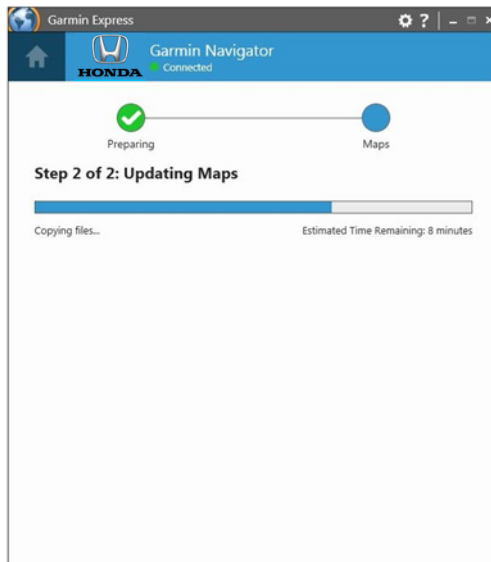

9. Important notes about the update are shown.

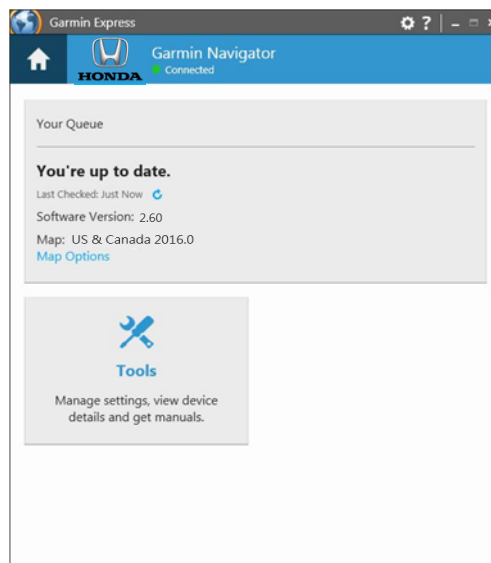

Once ready Select “Continue”

10. Update download will begin.
