

# ERP Developer

We are a leading worldwide provider of navigation devices and wearable technology, with a focus on developing, designing and supporting superior products.

Our benefits are designed to lead an evolving marketplace, support innovation and encourage a healthy balance between work and life. They allow our associates to make their own decisions about their wellbeing and future and consistently rank Garmin as a top tier benefits provider when compared to other high-tech employers.

## Summary of the role:

Your role would be to develop, customize, enhance the Oracle E-Business Suite Applications to support Garmin business requirements.

## In this role, you will be responsible to:

- Work closely with the ERP Applications Analyst to develop, customize, enhance and support ERP application software in Oracle ebusiness Suite
- Create enterprise software to support and integrate with Oracle R12 eBusiness Suite
- Maintain, improve, and extend Oracle ERP Applications using PL/SQL, Java, Oracle Forms, Oracle Reports, BI publisher, Oracle Discoverer, Oracle Workflow and utilization of Oracle public API's in program development
- Design, enhance and develop single and multi-system applications written in SQL, PL/SQL or Java as part of a structured Systems Development Life Cycle (SDLC) process

## We are looking for a person with the following skills and knowledge:

- Proficiency in writing software in developmental languages (SQL, PL/SQL, Java)
- Experience with ERP systems, preferably Oracle 11i or R12 applications
- Proficiency and previous experience in designing, enhancing and developing single and multi-system applications
- Ability to learn and understand secure coding practices
- Experience with SOA environments
- Experience with version control system such as GIT
- Experience with automated testing tools and testing procedures
- Strong and effective verbal, written, and interpersonal communication skills.

## Desirable qualifications and background include:

- BSc in Computer Science, IT or similar
- 2+ years of relevant work experience
